## Web hosting built for *business*

We understand that running a successful business of any size requires passion, dedication and a willingness to just get stuff done. Trusted by thousands of Aussie businesses, you too can rest assured that our quality hosting services will keep your website online, secure and up-to-date, so that you can invest your time and energy into growing your business.

We proudly support:

At Conetix, we aren't afraid to roll up our sleeves and help our business customers however and whenever they need it. From simple website hosting on one of our Managed WordPress plans to a more complex VPS offering, our smart and friendly team are ready to help you do business.

With a range of flexible business website hosting options, talk to our friendly team today about our range of plans designed for businesses just like yours.

Our business solutions include:

Business Hosting

Managed VPS  
(Virtual Private Servers)

Managed WordPress

Email Hosting

Domain Registration

And more...  
Plesk, SSL Certificate,  
Joomla, CloudFlare

Business Hosting from \$20

Managed Hosting from \$69

Managed VPS from \$99

The Team at Conetix are amazing. No problem seems to be beyond them and they go the extra mile to help resolve our issues - even when we unknowingly create them! They do all this within a fast response time. Highly recommend.

**Simon Thompson,**  
Acquire Procure  
[acquireprocure.com](http://acquireprocure.com)

The team behind Conetix are friendly, helpful and extremely supportive. They are quick to action any concerns and provide valuable assistance where needed. They also offer lots of knowledge and guidance if you're seeking to improve or upgrade services. They've helped us on many occasions and are quick to provide a solution to any problem. Highly recommend this local provider
